## What is ePermit?

- ④ ePermit is a web-based value-added service provided by Dagang Net Technologies Sdn Bhd (DNT). It enables importers, exporters and appointed forwarding agents to apply for permit to Other Government Agencies (OGA) and obtain the approval online via the Internet. Approved permits will be transmitted to Sistem Maklumat Kastam (SMK) electronically for validation and cross-reference purposes against Customs declaration

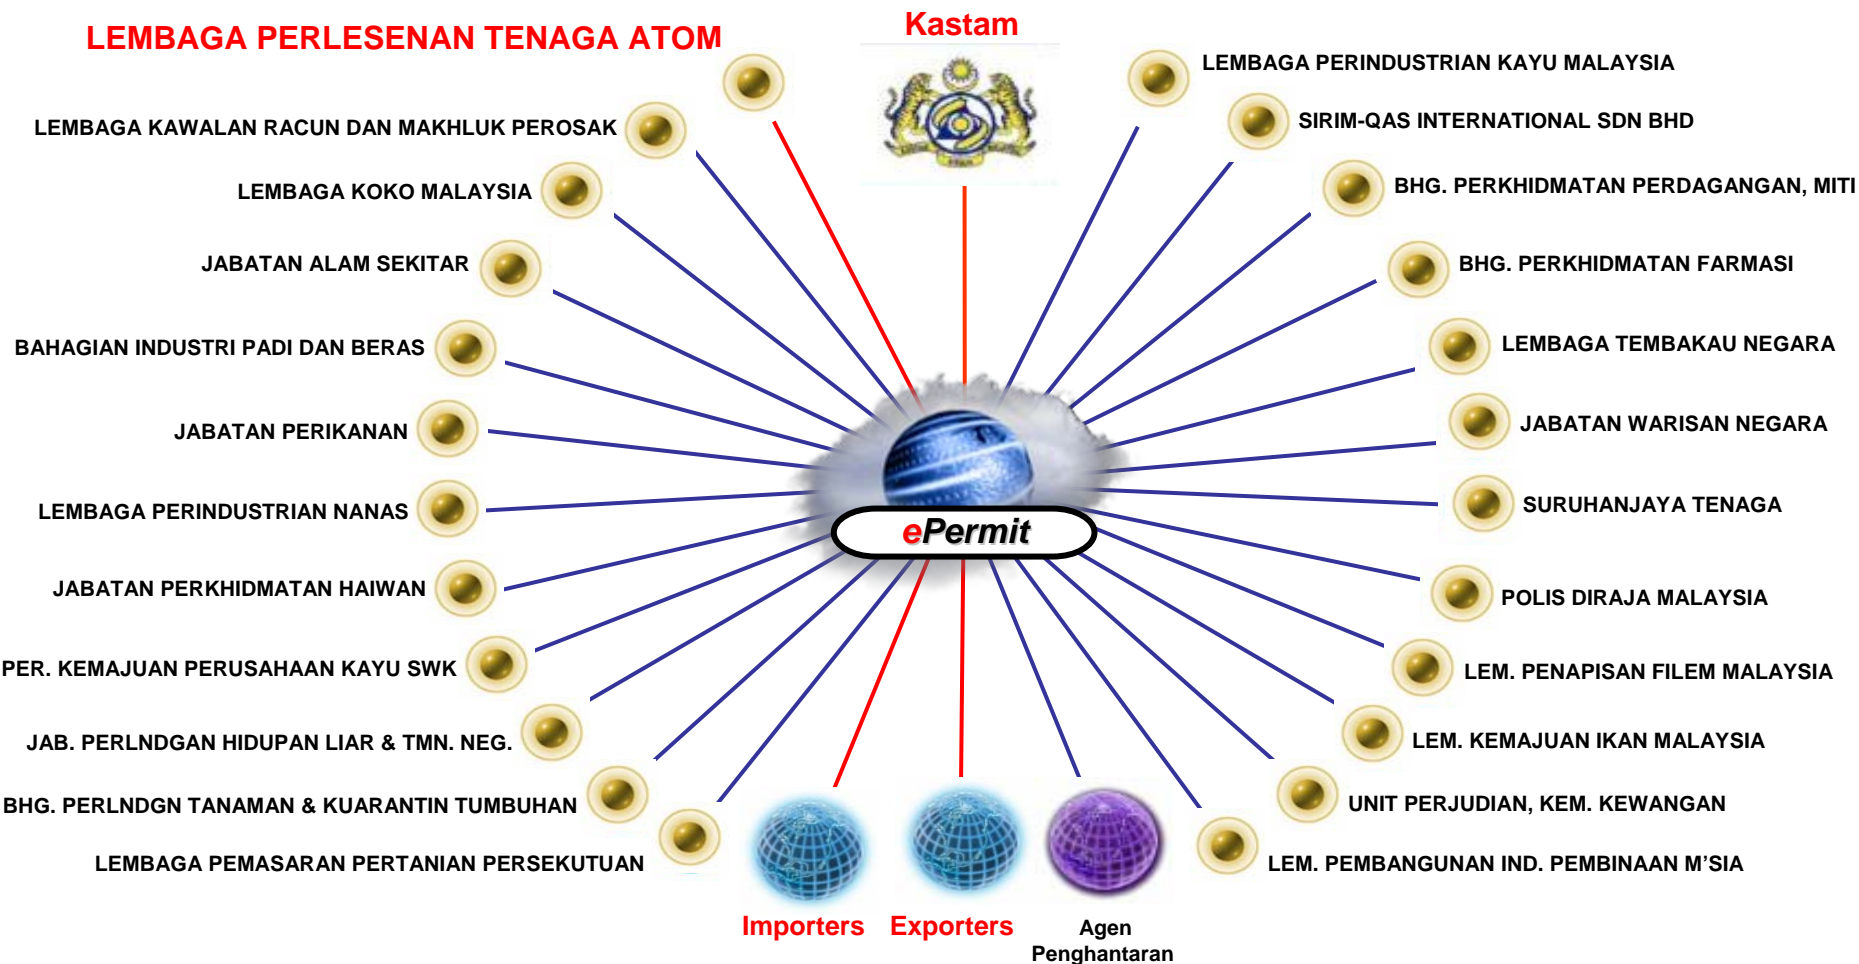

## Objective of ePermit

- ④ For the realization of the national IT implementation project for paperless trading between the private and public sectors in Malaysia and internationally
- ④ To disseminate fast and accurate permit data to all parties – traders, AELB, KDRM
- ④ For control and transparency among all parties
- ④ To increase productivity and efficiency
  - Reduction in turnaround time
  - Reusable repetitive data for other trade documents
  - Reduction in errors

## About ePermit

- ② Web-based permit application & approval system to re-engineer the entire permit application process
- ② Via the Internet – accessible anywhere and anytime 24x7
- ② Increased levels of efficiency & productivity --- more effective and responsive permit issuance system
- ② One-stop single gateway that links 24 permit issuing agencies, Customs and 5000 importers, exporters and forwarding agents nationwide

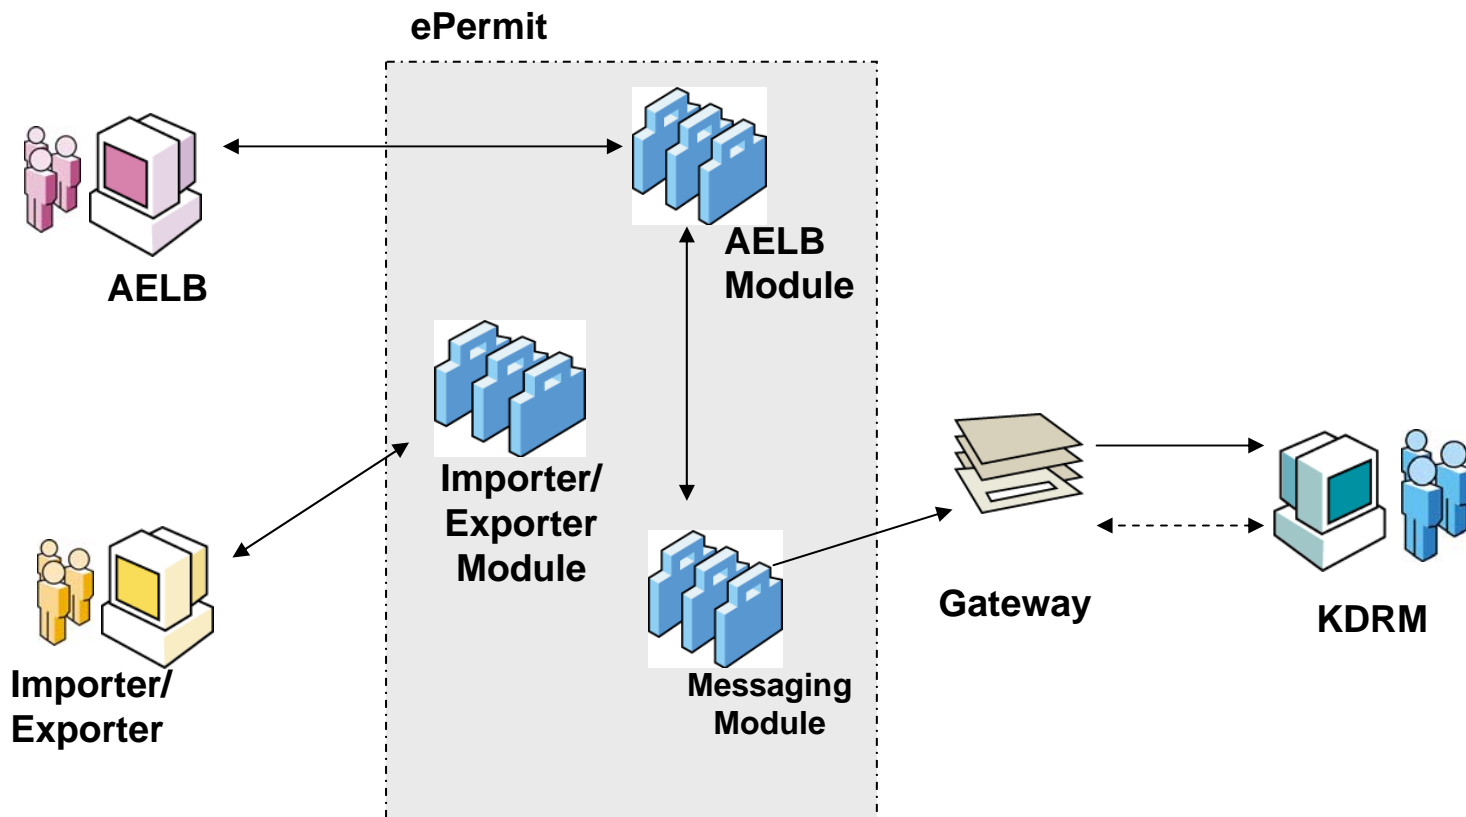

# Parties Connected to ePermit

## Modules of ePermit

- ② Traders Module
  - Enabling licensee to apply for permit and submit their application for approval via the Internet
  
- ② AELB Module
  - Enabling AELB to verify and approve permit application and send the approved permit via the Internet. Enabling AELB to access daily statistical report of issued and rejected permits
